SEALS LOSE TO SALT LAKE.
San Francisco, Cal., Sept. 28.—Salt Lake played in championship form today and surprised the local natives by taking the league leaders into camp by the score of 4 to 1.

The visitors led all the way and played with a snap that brought cheers from the spectators, despite hopes that the Seals might win. The loss of today's game will not have a strong bearing in the pennant race, for Vernon's victory over the Los Angeles bunch, the present contender for the honor, kept the gap as wide as it was at the close of the last series, so far as these two clubs are concerned.

Score by innings:
Salt Lake 300 100 000—4
Hits 300 100 100—5
Runs 000 000 100—1
Errors 100 021 011—5

ANGELS LOSE TO TIGERS.
Los Angeles, Sept. 28.—The Tigers took the first game from the Angels this afternoon, 12 to 2, and put another crimp in Dillon's pennant aspirations.

You can bet the kitchen stove that if Vernon can't win them break the Angels right down with them, as the sense of local pride runs high, and it won't never do to have a cham-

ption team on top and one near the bottom in the same town.

OAKS WALLOPED BY BEAVERS.
Portland, Sept. 28.—One more wiggle and Portland will be out of the Coast league cellar, having but slight distance to go. Coveleskie twirled remarkable ball today, and while his "sooters" were breaking all over the place, Portland was knocking the tar out of three Oak twirlers. Portland walloped the Oaks in the opening game of the cellar championship by the lop-eared score of 9 to 0.

Leverenz was put on the mound for the Oaks at the outset. He hit Spears and Fisher in the first inning, and the wild shots, together with a walk, a two-bagger by Lober and Bates' single, caused Manager Elliott to yank him in favor of Klawitter before one inning was over.

CHICAGO TAKES TWO.
Chicago, Sept. 28.—Chicago made it four straight from Cincinnati today. The locals took both games of today's doubleheader, 7 to 3, and 5 to 0. Four

home runs, all by Chicago players, were made during the afternoon. Manager Herzog was banished from the second game for arguing a decision by Umpire Orth.

DODGERS BEATEN IN LAST HOME BATTLE.

Brooklyn, Sept. 28.—The Brooklyn Nationals rung down the curtain on their home grounds today with a poorly played game, losing to the Phillies by 6 to 4. Errors helped the coming champions to all except one of their runs, while the Superbas earned all four of theirs.

Buster Mills, from the Northwestern league, made his debut for the Brooklyn in the last two innings and made a good impression. He is a southpaw.

DETROIT LOSES FINAL.

Washington, Sept. 28.—Walter Johnson won the second and final game of the series from Detroit today, 3 to 0. Johnson struck out ten men in the first five innings, fanning the entire side, including Cobb, in the initial round. In the eighth Milan's hit bounded over Cobb's head for a home run.

FOOTBALL SEASON ARRIVES BRINGING WITH IT LOTS OF PEP AND ACTION

The approach of chilly days and the end of the baseball season has warmed the heart of the football fan who knows that his heroes will soon be out on the lot. Even though a mild effort has been made to temper the game somewhat and make it tamer, we are assured of our annual quota of excitement and thrills.

KANSAS CITY WINS.
Kansas City, Sept. 28.—With the score tied and Rawlings perched on second in the ninth inning, Goodwin delivered a single, scoring Rawlings. Thus Kansas City won the last season game on the home grounds from Baltimore today, 3 to 2.

Manager Stovall of the Kansas City club and Shortstop Smith of the visitors staged an argument in the seventh inning which resulted in blows. Both were banished.
Baltimore 2 5 3
Kansas City 3 8 2
Batteries—Leclair and Owens; Cullop and Leclerc.

NEWARK DEFEATED.
Pittsburg, Sept. 28.—Pittsburg defeated Newark today, 7 to 2. Knetzer for the locals allowed only two hits. Batteries—Moseley, Billard and Rariden, Huhn, Knetzer and O'Connor.

COLUMBUS HAS BIG GRAND CIRCUIT DAY

Columbus, O., Sept. 29.—Today is counted on by horsemen here to be one of the big days of the Columbus Grand Circuit season. In addition to four races, one of which is worth \$10,000, it is planned to hold several speed trials at the track this afternoon, which have aroused great interest.

The racing card for the day includes a 2:18 trot for a purse of \$1200, the horseman's spirit of the times, 3-year-old trotting futurity, worth \$10,000; the Arch City 2:10 pace stake, \$3,000, and a 2:15 pace for a purse of \$1200.

Direct I. Peter Voll, Margaret Druen and Etawah are all expected to make speed trials during this afternoon.

GREECE RELEASES INDIAN SOLDIERS

Athens, Sept. 28, via London, Sept. 29, 10:25 a. m.—The Greek government has released the Sikhs and Gourkas, who were survivors of the British transport Ramazan which was sunk by a submarine. They were sent immediately to Malta on the Messageries Maritimes steamer Siboni. Many of them had no opportunity even to obtain clothing.

There has been no previous an-

nouncement of the sinking of the Ramazan, a steamer of 3,735 tons, although a wireless dispatch from Berlin on September 21 stated that the Frankfurter Zeitung reported that a large British transport from Egypt for the Dardanelles had been sunk by a German submarine. This vessel could hardly have been the Ramazan, however, for the Frankfurt paper said the vessel in question was a 15,000-ton steamer which had been sunk in the Mediterranean off the island of Crete.

The Ramazan evidently was carrying Indian troops either to the Gallipoli peninsula or to France.

TANK EXPLOSION INQUIRY BEGINS

Federal and State Officials Will Prefer Charges Against Railroad for Causing Wreck and Death at Ardmore, Oklahoma.

Ardmore, Okla., Sept. 29.—Federal and state investigations to fix the blame for the tank car explosion were in progress today. After an all day session of the city commission Tuesday, Russell Brown, city attorney, announced that charges of negligence against the Gulf, Colorado and Santa Fe railway would be presented before the interstate commerce commission through the office of state corporation commissioner. City officials claim that the tank car of gasoline which exploded and killed forty-seven persons and wrecked more than a half million dollars worth of property, was leaking and that the railroad failed to conform to interstate requirements for its safe handling.

THE OGDEN PEOPLE'S PLATFORM

Following Are the Resolutions Adopted by the Republican Convention to Which the Citizens Generally Were Invited, Thus Making It a Non-Partisan Convention.

The Republicans of Ogden, with other citizens in convention assembled, denounce the action of the present City Commissioners in granting gas and electric franchises for a period of fifty years without adequate returns and for denying the people of Ogden sufficient time requested to present reasons why such franchises should not be granted.

We point out that one electric franchise granted five years ago by the last Republican administration, for a period of thirty-five years, fully protected the people of Ogden and authorized the city to reduce the rates for heat, light and power at any time, and also provided that, after the year 1919, the city could compel the Light & Power Company to pay a reasonable occupation tax to Ogden City for the said thirty-five year franchise granted, said occupation tax to be fixed at the pleasure of Ogden City. Also that the said thirty-five year franchise reserved to Ogden City the right to buy the light and power plant any time after twenty-five years from the date it was granted, at actual cost of reproducing the system, which right has been estimated to be worth over one million dollars to Ogden City. That all of this was repealed and given back to the Light and Power company, though the said franchise had thirty years to run. Therefore, we denounce the city commissioners for surrendering this thirty-year franchise to the light trust without any just returns. We care not what excuse may be made for surrendering the people's right and for enslaving the people of Ogden to the light octopuses for the next fifty years, but we will be most charitable and say the giving away of the franchises by the city commissioners was one of the greatest blunders in the history of Ogden.

We point out that the law does not permit the increasing of the salary of city officers during the term for which they are elected or appointed, but it remained for the city commissioners to arrange for various city officials to resign their offices for one day and be reappointed after the salaries had been increased during the one-day of vacancy, notwithstanding all of the officers whose salaries had been increased were eager to serve the dear people before any such increase was made. We denounce such action as not only a violation of the spirit of the law but also as coming close to that famous political saying that "A public office is a private snap."

We point out that the present city form of government in Ogden is a failure and we ask the Legislature to give us back the old form of city government or to give us the right to recall the officers and any franchises granted by the commission form of government.

We point out that a committee appointed by the city commission ostensibly to prove that the commission form of government as conducted by the Ogden commissioners was more economical than the old form, but actually reported that the three Ogden commissioners cost over six thousand dollars per year more than formerly did the mayor and ten city councilmen. The committee consisted of the most prominent men in Ogden.

We point out that, in repealing the thirty-year franchise, the commissioners have made it next to impossible for a period of fifty years for Ogden City to own its own municipal light, heat and power system, so much desired by the people of Ogden, and we pledge our candidates endorsed to use their best endeavors to have the three fifty-year franchises revoked.

We point out that the salaries paid to the commissioners, \$4,200 and \$3,600 each per year, were intended to pay for all their time to be devoted to the city's interests. We pledge all our candidates to give all their time to the city's best interests, the same as would be required of them if employed by a private business concern.

We pledge our candidates to give ample opportunity for a public hearing and discussion before granting any franchises, so that the public may be given special opportunity to present their wishes in reference to public utility franchises and the commissioners be guided by the people's wishes.

We are opposed to three consecutive terms in executive offices.

We point out that nature has located Ogden on the most beautiful sight in Utah and with competent officers and a reasonable low tax rate it will be only a question of time when Ogden City will be the most prosperous, if not the most important, city in the west. And we believe the election of the candidates endorsed by this convention will do much to bring about this condition.

We pledge our candidates to conduct an honest economical businesslike administration, continuing public improvement without any increase of city tax.

ELECTRIC SPARKS.

Electric searchlights and helmet lamps are now being used by firemen. It is said that one pound of coal burned under the boilers in the big power house of the Interboro Rapid Transit Co., in New York, will carry one passenger over a distance of two miles.

The Lake Erie and Northern Railroad of Canada, will soon be electrified for the whole fifty-two miles from Galt to Port Dover. Hydraulic power

will be used and the new electric cars will be in operation next November. The Cooper Hewitt lamp is radically different from the ordinary type of arc lamp in that the arc stream is produced in a sealed tube and the light given out from a luminous gas. It was invented by Peter Cooper Hewitt of New York in 1901.
